

THE  
BLACK RIVER  
ASTRONOMICAL SOCIETY

BULLETIN

VOL. XII. NO. I.

NOV. 9, 1960.

LORAIN, OHIO.

MEETING NOVEMBER 14th, 1960. MONDAY, 7:30 PM.

Our November meeting will be held in the Lorain County Savings and Trust Co's auditorium on the corner of Cleveland Ave and Church St. in Amherst. H. Decker has arranged to show the Tinsley Lab color film on telescope manufacture titled "Eyes To The Sky". The rest of the evening will be devoted to discussion of telescope makers' problems.

BOARD MEETING NOVEMBER 20, 1960. SUNDAY 10:00 AM.

Directors will meet in the home of Mr. and Mrs. Wonderly at 289 Morgan Lane in Oberlin to select committee chairmen and to discuss the budget. A very important meeting- please try to attend.

ELECTION RESULTS.

The terms of Directors W. Mason, H. Decker, W. L. Sipple and T. Beam expired at the end of October. Mason, Decker and Sipple were reelected and J. Gregg was elected to serve on the Board for three year terms.

Officers elected for the year 1960-61 are D. Wonderly as president, W. Mason as vice-president, A. Coffman as treasurer and L. Rick as secretary.

DUES DUE.

Annual membership dues became payable on the first of November. They should be in by the end of the month to give your Secretary and the publishers of Sky and Telescope magazine enough time to arrange to continue your subscription to "Sky" without interruption. See A. Coffman or L. Rick.

MORE SAD NEWS.

Our most assiduous astronomer has allowed himself to become so heavily burdened with evening teaching schedules, AAVSO committees, variable observations, lectures and other commitments that for the first time in ten years our esteemed colleague George Diedrich was unable to accept an office in our organization. We can consider ourselves fortunate though in that he is still on the Board of Directors. We sincerely hope that he can continue to attend most meetings as he so religiously has in the past.

L. J. R.
